

How to Retrieve Username and Reset Password for MyWeb account

Clear the history from your browser.

<http://myweb.sjcccd.edu>

At the Main Menu - Click Account Information – **What's my User ID?** to retrieve your username. Reset the password, select link: **What's my Password** - I do not remember reset my password. The next screen will require that you type in your last name and either your Social Security Number or your 7 digit student ID number; click on Submit.

After you receive your temporary password via email, go to MyWeb Log In, and enter your User Name and Temporary Password.
